5. Lead-based paint in housing, the focus of the Vermont Lead Law, is a leading cause of childhood lead poisoning, which can result in adverse health effects, including decreases in IQ.
6. The Lead Law requires that essential maintenance practices (“EMPs”) specified in 18 V.S.A. § 1759 be performed at all pre-1978 rental housing.
7. All paint in pre-1978 housing is presumed to be lead-based unless a certified inspector has determined that it is not lead-based. 18 V.S.A. § 1759(a).

EMPs include, but are not limited to, installing window well inserts, visually inspecting properties at least annually for deteriorated paint, restoring surfaces to be free of deteriorated paint within 30 days after such paint has been visually identified or reported to the owner, and posting lead-based paint hazard information in a prominent place. 18 V.S.A. §§ 1759(a)(2), (4) and (7).
9. The Vermont Lead Law also requires that owners of rental target housing file affidavits or compliance statements attesting to EMP performance with the Vermont Department of Health and with the owners’ insurance carrier. 18 V.S.A. § 1759(b).
10. A violation of the EMP requirements may result in a maximum civil penalty of \$10,000.00. 18 V.S.A. § 130(b)(6). Each day that a violation continues is a separate violation. 18 V.S.A. § 130(b)(6).
